**Note: Please review the 2018-2019 MFIP Biennial Service Agreement Bulletin for more details before you complete this document.**

**A. Needs Statement****1. Besides funding, what is the single biggest challenge you are facing in financial assistance services?**

Transportation continues to be the single biggest challenge for our families on MFIP in our County. We do contract services with Rainbow Rider, but they serve many other counties and there are very few volunteer drivers in our small county. We do have a bus in Browns Valley which is 25 miles away, but it has limited service due to the cost.

**2. Besides funding, what is the single biggest challenge you are facing in employment services?**

Transportation is the single biggest challenge for persons on MFIP in Traverse County. Rainbow Rider runs infrequently. Transportation is even more difficult for clients who live in Browns Valley who do not have a vehicle. Rainbow Rider has limited availability and high cost. Public transportation is necessary to allow MFIP recipients to participate in work, work activities and other activities. We must add that a lack of accessibility to adequate child care is also a big challenge.

**3. What strengths and resources do you have available to address the needs of your participants?**

Please **check all** the resources available to participants in your service area and check whether the resource is available within MFIP financial or employment services "in-house" or from a partner organization (county resources with developed connections to MFIP), and/or an external community resource or both. If you lack sufficient resources in your area, check the Resource Gaps column, even if there are some resource sources. Add any "other" resources that you consider necessary.

### C. Measures

#### Performance Measures

- 1. Performance-based funding is determined by a service area's annualized Self-Support Index value. Review the information and report links in this section to see the effect of performance on funding and reporting, based on Statute 256J.626, subdivision 7.

Starting for calendar year 2016, each service area funding allocation starts at 100 percent. Each year starting with the 2016 allocation, a bonus to a service area's Consolidated Fund allocation will be based on its performance on the Self-Support Index in the previous April to March year.

The **three-year Self-Support Index (S-SI)**: This measure starts with all adults receiving MFIP or DWP cash assistance in a quarter and tracks what percentage of them, three years later, are no longer receiving family cash assistance or are working an average of 30 hours a week if still receiving cash assistance. Those who left MFIP after reaching 60 counted months and those who left due to 100 percent sanction are only counted as a success if they worked an average of 30 hours per week in their last month of eligibility or if they began receiving Supplemental Security Income (SSI) after family cash assistance ended. To provide fair comparisons across service areas, DHS calculates a "Range of Expected Performance" for the S-SI that is based on local caseload characteristics and economic conditions. The service area's Self-Support Index value is whether the service area was above, within, or below its expected Range.

The S-SI and Range are annualized for the four quarters in the April through March year ending in the reporting year before the funding year. See the MFIP Annualized S-SI and WPR report for 2017 on the MFIP Reports page on the DHS website. A service area with an annualized S-SI "above" its customized Range of Expected Performance for 2017 will receive a 2.5 percent bonus added to its Consolidated Fund allocation for calendar year 2018.

[MFIP Annualized S-SI and WPR report \(PDF\)](#)

If your service area is receiving a bonus, congratulations! Please share a success strategy here:

N/A

7997 characters remaining

In the future, if your service area has an annualized S-SI below its range for two consecutive years, you will have to **negotiate a multi-year improvement plan** with the commissioner. If no improvement is shown by the end of the second year of the multi-year plan, the next year's allocation must be decreased by 2.5 percent, to remain in effect until the service area performs within or above its Range of Expected Performance. For example, a service area scoring "below" for 2016 and 2017 would need to put in place a multi-year improvement plan. If continuing "below" for 2018 and 2019, there would be a 2.5 percent decrease for the 2020 Consolidated Fund allocation which would continue until an annualized S-SI above or within its Range. Then the service area would receive 100 percent of the allocation.

Supplemental information about the Performance Management System and Performance Improvement Plans can be found on CountyLink: [www.dhs.state.mn.us/HSPM](http://www.dhs.state.mn.us/HSPM). If you would like additional information, contact the DHS Performance Management team at [DHS.HSPM@state.mn.us](mailto:DHS.HSPM@state.mn.us) or 651-431-5780.

C. Measures (continued)

**Racial/Ethnic Disparities**

- 2. A **racial/ethnic disparity** for a service area is defined as a **one-year Self-Support Index** that is five or more percentage points lower for a non-white racial/ethnic group than for the white group of MFIP/DWP-eligible adults in that area. Access the report "Two-Year Performance Trends of Racial/Ethnic and Immigrant Group". This report lists (1) service areas that have any racial/ethnic disparities requiring action and (2) the table of differences for all service areas.

[Performance Measures by Racial/Ethnic or Immigrant Group \(PDF\)](#)

**If your service area is in the disparity list, please answer the following question:**

DHS will work with you to reduce these disparities.

What strategies and action steps for each of the groups with disparities do you plan for the coming biennium?

- Case consultation
- Sample case review by workers

1

How many employment services front-line staff in your county or consortium have MAXIS access?

1

How many managers/supervisors have MAXIS access?

0

- 2. Describe the process your service area uses to identify and resolve discrepancies between MAXIS and WF1 data in areas such as Family Stabilization Services coding, employment/hours, sanction status, etc.

RMCEP and the financial workers maintain a working relationship and regularly review data. II. Policy Factors

1. ~~Traverse County Emergency Funds are a capped county allocation and will be allowed until the funds are depleted.~~

4677 characters remaining

**G. Other****Administrative Cap Waiver**

Minnesota Family Investment Program (MFIP) allows counties to request a waiver of the MFIP administrative cap (currently at 7.5%) for providing supported employment, uncompensated work or community work experience program for a major segment of the county's MFIP population. Counties that are operating such a program may request up to 15% administrative costs.

If your county is interested in applying for the waiver for the coming biennium, please complete the following four questions. Email [Tria.Change@state.mn.us](mailto:Tria.Change@state.mn.us) if you need assistance with the waiver.

1. Describe the activity(s) you will provide.

3. Describe the target population and number of people expected to be served.

4000 characters remaining

4. Describe how the unpaid work experience is designed to impart skills and what steps are taken to help participants move from unpaid work to paid work.

4000 characters remaining

**G. Other** (continued)**Addendum for Unpaid Work Experience Activities**

If your county is providing unpaid work experience activities for MFIP participants and you don't already have an Injury Protection Plan (IPP) in place, please fill out the IPP form. Email the completed form to [Tria.Chang@state.mn.us](mailto:Tria.Chang@state.mn.us).

**Provider Choice**

Does your county:

- Have at least two employment and training services providers. Go to Section H.
- Have a workforce center that provides multiple employment and training services, offers multiple services options under a collaborative effort and can document that participants have choice among employment and training services designed to meet specialized needs. Go to Section H.
- Intend to submit a financial hardship request.

**G. Other** (continued)**Financial Hardship Request****FINANCIAL HARDSHIP - Exception to Choice of Employment Service Providers Requirement**

MFIP provisions require counties to make a choice of at least two employment service providers available to participants unless a workforce center is being utilized (Minnesota Statutes, section 256J.50, subdivision 8). Counties may request an exception if meeting this requirement results in a financial hardship (Minnesota Statutes, section 256J.50, subdivision 9).

A financial hardship is defined as a county's inability to provide the minimum level of service for all programs if a disproportionate amount of the MFIP consolidated fund must be used to cover the costs of purchasing employment services from two providers or the cost of contracting with a workforce center.

To request approval of a financial hardship exception from the choice of provider requirement, please provide the following information.

1. If the county had a choice of providers in calendar year 2015, describe:
  - factors that have changed which indicate a financial hardship
  - why the hardship is expected to persist in the near future and
  - the magnitude of the hardship, which makes limiting delivery of employment services the best financial option for the county.

2000 characters remaining

2. Summarize options explored by the county, including use of other partners in a workforce center or other community agencies, such as a Community Action Program or a technical college. The summary should also include:
  - major factors which prevent the county from utilizing these options and include a cost analysis of each option considered; and
  - the process used to determine the cost of other options (RFP or other county process).

2000 characters remaining

3. If the county proposes to directly deliver MFIP employment services, provide a budget and staffing plan that clearly indicates consolidated funds will not be used to supplant county funds. The description should include information about what steps will be taken to ensure that county staff have the experience and skills to deliver employment services.

2000 characters remaining

The Department of Human Services (DHS) and the Department of Employment and Economic (DEED) will also review the amount budgeted by the county for employment and training during calendar year 2015 and use this amount as a guide to determine whether the amount budgeted by the county for calendar year 2016 is reasonable.

If a financial hardship is approved, DHS and DEED will closely monitor county programs to ensure outcomes are achieved and services are being delivered consistent with state law.
