9. An established Emergency Committee, consisting of Financial Assistance Supervisor and one Financial Worker may decide on a case by case need to approve an emergency request, in order to further alleviate a crisis, for households that don't fit the plan's criteria.
10. To expeditiously prevent an emergency, households will not be required to complete the DHS-5223 Combined Application Form or be subject to a face-to-face interview process, thus allowing them to remain at their jobs and not have to take time off work to resolve an emergent need. They will be required to complete the Traverse County Emergency Assistance Application (Appendix A), attached.

II. Policy Factors

1. Emergency General Assistance Funds are a capped county allocation and will be allocated until the funds are depleted.
2. Emergency General Assistance Funds (including other available funds) must resolve the crisis, not postpone it and must be the most cost-effective solution to the emergency.
3. Only vendor or protective payee payments will be issued.
4. Money management information will be made available to all households requesting assistance.
5. To be eligible for shelter emergency, the household must have paid 30% of gross income toward basic needs in the past 60 days.

III. Definitions

The household must be in an emergency situation in which it is without, or will lose within, thirty (30) days after the date of application a basic need item which would threaten the household's health or safety. Basic needs are defined as:

1. Liquid assets or any other assets that can be liquidated; and
2. Income they anticipate to receive; and
3. Other funds the household is eligible to receive

V. Required Documentation

The household must have experienced a documented, verifiable change in circumstances resulting in the crisis, including but not limited to:

1. An event which prevents a household member from obtaining or retaining employment
